

Housing Authorities Nationwide Choose DAWGS Vacant Property Security to Protect their Assets

When vacant properties aren't cared for, they can blight a neighborhood. DAWGS create an impenetrable seal that keeps buildings empty and safe, preventing crime from moving in.

DAWGS works with different government agencies and public housing authorities nationwide to provide steel-secured solutions for virtually any project. Whatever your plans for the neighborhood may be, DAWGS keeps them safe and gives you unparalleled peace of mind.

Why do Housing Authorities Nationwide Trust DAWGS?

Extensive Experience

DAWGS has a long history of securing large community developments, individual units and scattered sites.

Experience with Large Construction and Rehab Projects

DAWGS secures properties prior to and during the construction phase.

Fast and Reliable Service

24 hour turnaround ensures properties are not left vulnerable and unsecured.

Modular design

DAWGS door and window guards are designed to fit any size opening.

Neutral Colors and Powder Coated

DAWGS powder coating makes graffiti removal easy and our neutral colors blend with the building exterior.
